About The School of Fashion Designing

In a developing country like India which has a large population and a very wide base of middle class (around 20 crores), there is a shift in the style of dressing specially amongst the younger generation. Further, fashion is ever-evolving. Hence, there is enough scope for business in fashion designing and many universities / institutions have introduced diploma and degree courses in fashion designing. The basic idea behind the existence of School of Fashion Designing at Sanskriti is:

- Impart basic knowledge of human anatomy with anthropometric point of view.
- Develop understanding of various types of fabrics, their selection and utility.
- Learn the techniques of dress designing and dress making (Drafting, Cutting, Tailoring, Embroidery).
- Widen the vision in aesthetics.
- Develop the creativity of students.
