Patents Filed during the period 1st April 2024 to 31st March 2025

S. No.	Title of Invention	Inventor (s)	Department	Patent Application No	Date of filing of Complete Application
1	A NANO ORGANIC COMPOUND WITH ENHANCED NUTRIENTS, PEST AND PATHOGEN REPELLENT PROPERTIES THEREOF	Prof. (Dr.) Kundan Kumar Chaubey	Biotech	20241104846 5 A	24/06/2024
2	PORTABLE DECOMPOSITION CHAMBER FOR CROP RESIDUE MANAGEMENT AND TO REDUCE CARBON EMISSIONS THEREOF	Prof. (Dr.) Kundan Kumar Chaubey	Biotech	20241105364 3 A	14/07/2024
3	Automated Hair Extensions Washing Device	Danish Meiraj, Dr. Akash Kumar Verma	Department of Computer Science & Engineering, Department of Computer Science & Engineering	20251100707 2	28/01/2025

4	Green Roof Installation Device	Mohit Sanguri,Dr. Jalees Ahmad	Department of Computer Science & Engineering,Department of Computer Science & Engineering	202511007070	28/01/2025
5	Automated Staircase Molding Device	Dr. Jitendra Kumar,Dr. Pramod Kumar	Department of Physics,Department of Chemistry	202511007064	28/01/2025
6	Automated Submerged Golf-Balls Retrieval Device	Dr. Arvind Kumar,Dr. Naresh Pratap	Department of Physics,Department of Chemistry	202511007065	28/01/2025
7	Eating Assistive Device	Piyush Kumar Jha,Dr. Shamtam Babbar	Department of Hotel Management,School of Management	202511007066	28/01/2025
8	Adaptable Wheelchair Mobility Assistive Device	Keshchandra Singh,Pradeep Chaudhary	School of Nursing,School of Nursing	202511007068	28/01/2025
9	Automated Playground Maintenance Device	Dr. Deepak Dubey,Dr. Ajay Singh	Department of Physics,Department of Mathematics	202511007067	28/01/2025
10	Head-Massaging Based Relaxation Device	Ravi Kumar Sharma,Neha Chaudhary	School of Nursing,School of Nursing	202511007071	28/01/2025
11	Adaptable Wearable Lower Back Portion Supporting Device	Sumit Kumar Gupta,Karishma Garg	School of Nursing,School of Nursing	202511007073	28/01/2025
12	Adaptable Toddler Walking Assistive Device	Dr. Mahesh Kumar Yadav,Dr. Sirazul Haq	Department of Physics,Department of Mathematics	202511007069	28/01/2025

13	Automated Grain Crop Harvesting Device	Dr. Umesh Kumar Tripathi, Dr. Anuj Pal	School of Agriculture, School of Agriculture	202511007086	28/01/2025
14	Automated Egg Shell Breaking Device	Ratish Kumar, Dr. Kailash Singh	Department of Hotel Management, School of Management	202511007078	28/01/2025

4.4 MENTORING SYSTEM

Students need lot of care and support during their studies & stay in the University. Sanskriti University has created a unique Mentor – Mentee system that ensures a close & continuous monitoring and interaction between the faculty and students. Under this system, the University assigned about 20 students per faculty, who acted as their Mentor and guides, counseled and encouraged students in achieving academic excellence, personal growth & development.

Mentor's Responsibility:

1. The Mentor provided sound counseling to students on their personal/emotional problems. He served as a true friend and confidant.
2. The role of Mentor was one of nurturing and providing support to students during the difficult transition period. He acted as a valuable resource to the students in finding answers to many questions trivial or complex. The Mentor served as a positive role model.
3. The Mentor helped & guided students in choosing their project topics that meet their aptitude, interest & careers.
4. The Mentor constantly monitored the performance of students & took measures for improvement of their performance.
5. The Mentor provided information concerning career opportunities and scope for higher studies.

4.5 FACULTY SEMINARS/CONFERENCES HELD DURING THE PERIOD

The genesis of the idea to start Faculty Seminars at Sanskriti University was to discuss and implement the improvement in the research area of technical and professional education. The objectives of this seminar were:

- To raise awareness about research methods.
- To gain new insights from the lectures of the speakers.
- To learn and share knowledge about research scopes for inter-departmental research

EXAMINATIONS, EVALUATION & ASSESSMENT

Examination, Evaluation & Assessment:

The University followed a system of Evaluation which was a combination of continuous and comprehensive evaluation followed by semester end examinations. In the continuous & comprehensive assessment, the students were evaluated on class/ tutorial participation, assignment work, class tests, sessionals/ internal examinations, quizzes, projects, seminar, presentations etc. as defined in the course syllabus/course plan. There were two internal Examinations of 1 ½ hours duration in every semester.

End Semester examinations were held at the end of each semester.

In the Examination system, a student was awarded a letter grade based on his/her performance in a course/subject over the semester relative to the performance of other students in a course/subject.

These letter grades also carried a numeric equivalent term as grade point. The grade point multiplied by the credit assigned to that subject gives the Grade Point earned by a student in a given subject/course. The weighted average of grade points earned by a student in a semester is termed as SGPA of the student in that semester.

The Weighted average of the SGPAs of all semesters completed by the student is termed as CGPA.

Grading System

In a class of students up to 30, the absolute grading was used. In a class more than 30 students, Relative grading is applied to all theory courses. For courses having no theory / tutorials but only lab / practicals, or for courses like Seminar / Mini-project, absolute grading method was adopted. Relative grading was adopted in lab / practicals embedded for the courses.

The marks obtained by a student of a class of more than 30 students in a Course Unit were transformed into a normal distribution curve by using Statistical Method in accordance with a

prescribed table to ensure the uniformity in spread of scores regardless of the nature of curricular areas.

The mean ($\bar{x}$) and the standard deviation (σ) of marks obtained of all the students in a course are calculated and the grades were awarded to a student depending upon the marks and the mean and the standard deviation as per prescribed standards.

Semester / Annual Grade Point Average (SGPA / AGPA):

The semester / annual performance of the student is indicated as SGPA / AGPA at the end of every semester / year. SGPA / AGPA is the weighted average of Grade Points of all letter grades secured by a student for all the course units in the semester / year. The formula for computing SGPA / AGPA is as under:

where

C_i = Course Credit of the course of a semester/ Year

$$\text{SGPA / AGPA} = \frac{\sum C_i P_i}{\sum C_i}$$

P_i = grade Point earned by student

$i = 1, 2, 3, \dots, n$, represents the number of courses passed in the semester/year.

Cumulative Grade Point Average (CGPA)

The CGPA is used to describe overall performance in all courses in letter grades which a student has obtained. It is weighted average of grade points obtained by him/her in all semester / years.

where

C_i = Course Credit of the course of a semester/ Year

$$\text{CGPA} = \frac{\sum C_i P_i}{\sum C_i}$$

P_i = grade Point earned by student

$i = 1, 2, 3, \dots, m$, represents the number of courses passed till that semester.

Minimum Academic Requirements:

- Examinations of the University are open to regular students who have undergone a course of study in the University, for a period specified for that programme of study in the Scheme of Teaching & Examination and Syllabi.
- Students were debarred from appearing in the Semester End Examinations, if they fail to fulfill attendance criteria. Attendance Criteria for taking Semester End Examinations was as follows:

Attendance between 75% and 100% - Eligible to take the Examination

Students having Attendance below 75% were allowed only in exceptional circumstances with the approval of the competent authority.

CHAPTER – 7

SPORTS, EXTRA & Co-CURRICULAR ACTIVITIES UNIVERSITY CLUBS & HOUSES

The University has state-of the Art sports & games facilities, both for out-door & in-door games. This includes Football, Volleyball, Basketballs, Cricket, and Table-Tennis & Carrom-board.

Sanskriti University, with its societies and clubs, provide amazing opportunities for trying things, students never had the chance to do before.

The House system proved to be the true strengths of Sanskriti University because:

- It provided an identity for the student and a sense of belonging
- It provided camaraderie, a sense of pride and loyalty to a group
- It provided a focal point to work as a team
- It provided an outlet for students to demonstrate/perform their interests and passions in a safe environment
- It provided opportunities for socialization and building friendships
- It nurtured respect for different opinions, cultures and ways of doing things

For all these reasons all the students and faculty members of the university were divided into four Houses.

Name of House	Color Code
Shivalik	Yellow
Vindhyachal	Red
Neelgiri	Blue
Arawali	Green

Each House was under the management of a Head Coordinator who was responsible for the overall welfare of the students in his or her ‘family’. The Head Coordinator ensured that each

House member has the opportunity to make full use of all University facilities, not only in academic pursuits but sporting and cultural activities.

The House system promoted and celebrated the healthy competition that existed between the different Houses at Sanskriti University. This covered the whole spectrum, from sports, culture and academia. There were a myriad of trophies that all the Houses competed for, from Chess, Debating, Music and Dance to the Overall Trophy for the Best Academic House or Best Sporting House, or Best Cultural House. The inter-House rivalry was in a great way for the Houses to engender a strong House spirit and House loyalty, giving practically every member an opportunity to get involved and utilize their strengths and talents, whatever they may be. Just as importantly, it gave a constructive medium for students to channel their enthusiasm, energy and competitiveness in a forum that is positively monitored and controlled. Recognition of members by their House for achievement or participation was critical in the building of healthy self-esteem.
