SCHOOL OF MEDICAL AND ALLIED SCIENCES
SANSKRITI UNIVERSITY, CHHATA-281401
MATHURA (UTTAR PRADESH)

Register Online: www.sanskriti.edu.in/SFS

Welcome Note

On behalf of the organizing committee, we would like to extend a hearty invitation to *Seminar on Forensic Science* to be held at Sanskriti University, Mathura on **February 11, 2019**. The seminar will be organized by the Department of Forensic Science, *School of Medical and Allied Sciences*, Sanskriti University, Mathura, Uttar Pradesh. The seminar has been designed for students, researchers and academicians from various universities and Forensic Science laboratories with the aim of discussing the fundamental beliefs of Forensic Science.

ABOUT THE HOST UNIVERSITY

Sanskriti University, set up in a serene environment with state of the art infrastructure, is delivering 360 degree holistic development of students. Sanskriti's intellectual capital comprises highly qualified and experienced faculty drawn from Industry as well as from Academia. The university is set up as a private university in Chhata, Mathura, Uttar Pradesh spread over 40+ acres of land on NH2, 57 km from Delhi NCR. Curriculum tailored to the needs of the industry, coupled with use of industry leading pedagogies enables the students to transform themselves into job ready resources. Sanskriti is committed to elevate itself to the status of top 10 private universities in the country on all key parameters.

ABOUT THE CITY

Mathura is a sacred city in the state of Uttar Pradesh. It is located approximately 145 km south-east of Delhi. According to Hindu scriptures, Mathura is the birthplace of Lord Krishna and is also known as *Shri Krishna Janma Bhoomi* (birthplace of Lord Krishna).

About The Host Department

In the current scenario, forensic investigation of criminal cases is limited to a small percentage of all criminal cases despite the fact that most of the criminal cases involve use of technology in the perpetration of the crime. Thus, Forensic Science is the only justifiable answer to improving the quality of investigation.

With a view to strengthen the Forensic Science capability of the nation as also to scale up the national ability to investigate crime, *B.Sc. (Hons.) in Forensic Science* is being offered to interested candidates who want to make a successful career in Forensic Science.

Speakers

John R. Vanderkolk *Indiana State Police Laboratory Manager and Consultant in Forensic Comparative Science at Unique Forensics LLC*

Mr. Vanderkolk has authored/co-authored numerous journals and articles on topics related to forensic comparative science. He has also authored the 'Examination Process' chapter of *The Fingerprint Sourcebook* and a very unique book, *Forensic Comparative Science – Qualitative and Quantitative Source Determination of Unique Impressions, Images, and Objects*.

Dr. S. K. Jain *Director cum Chief Forensic Scientist Directorate of Forensic Science Services, Ministry of Home Affairs, Govt. of India, New Delhi.*

Dr. Jain has been trained on "Video Technologies" at British Columbia Institute of Technology(BCIT), Canada, for a period of one week. He has also visited FBI's laboratories in Washington D.C. (USA) in connection with advanced training on Digital technology.

As a project leader, Mr. Jain has also conducted very prestigious projects on, (i) Speaker Identification from Voice Over Internet & (ii) Development of computer based technique for characterization of small arms firearms from their sound patterns of gunshots. Recently, Dr. Jain visited Forensic Science Lab. at Vietnam as one of the members of Indian delegation for establishment of Indira Gandhi Hi-Tech Cyber Forensic Lab in Vietnam.

Dr. B.B. Arora *Former Director, State Forensic Science Laboratory, Rajasthan*

Under a United Nation's resolution to develop Forensic Science in East Africa, he served as Principal Forensic Adviser in Republic of Seychelles. After returning from abroad, he was again picked up as Director with same pay, perks and status by Rajasthan Government. He retired (again) in July 2018.

As Director, his achievements in setting up 6 new Regional forensic labs and 34 Mobile Forensic Units to deliver forensic services at door step throughout the entire length and breadth of Rajasthan, deserve a special mention.

HOW TO REACH

Delegates coming from north of the country may reach university via Delhi, while those coming from central and southern parts of the country may drop at Mathura Junction Railway Station or the bus stand.

Chhata is well connected to other major cities of the country via regular trains from where the university is at a distance of just about 3 km. Nearest airport is IGI, Delhi.

BUSES FROM DELHI TO MATHURA

Buses are available at a frequency of 10 minutes from ISBT - Sarai Kale Khan, Delhi to Mathura. The University is 28 KM before Mathura and most buses take a halt at University campus.
